Strength

Master Toys was founded in 1993 in Foshan, a well-developed city in Pearl River Delta, which has an excellent transportation network and enjoys lots of government preferential policies. These factors guarantee the cost advantages of Master Toys. Covering a total area of 40000sqm, Master Toys has over 400 employees and produces more than 5 million sets of toys annually. The manual processes are gradually replaced by automation to further increase the capacity.

Advantage

Our longstanding efforts and investment in production methods, formulation, consumer research and product design enable Master Toys to offer the most innovative and up-to-date products to customers around the world.

Safety

Safety is always the priority of Master Toys. Advanced formulation, good manufacturing processes, and regular tests guarantee our products' conformity to EN71, ASTM, TRA, LHAMA, CPSIA, USP, EP, CCC, and others.

Standard

Our production and quality control reaches high international standards, especially in production, hygiene and logistics. The production sites are certified by ISO9001:2015, ICTI, BSCI, GSV, SEDEX, YUM!, Walmart, Target, Burger King, KFC, Kmart and more. Our continuous investment in formulation upgrade, equipment, workflows and technology ensures the high quality and safety of our products.
