OUR BRAND

Pouch[®]
LOVE CREATES NEW LIFE

Pouch means kangaroo's baby bag, which is the most natural, safe and scientific way of nursing babies. We were inspired by this nursing method and started with the goal of bringing love to each baby. In 1985 we entered into infant & mom industry, and founded our own brand - Pouch.

Today, Pouch becomes the most popular brand in infant & mom industry in China. We've come along with customers and will do our best to make it better. And we hope to serve more customers in overseas markets. One thing will never be changed, which is taking care of your baby and make them feel love!

Each model is equipped with thoughtful features to make sure every journey is safe, comfortable, easy & enjoyable. Our extensive choice of chassis finishes & exclusive fabrics allow you to choose the look & feel you want for your pushchair, from modern monochrome to vintage elegance & everything in between.
